## PALETTES THAT REIMAGINE CORE COLORS AND SEASONLESS SHADES

The palettes proposed in this issue's Color Vibes are a fusion of classic influences blended with a desire to explore new paths. All palettes have one thing in common, they tell stories. Hidden forests with a mystical aura reveal their nature-based hues and deep darks, cities unveil their sophisticated midtones during the quietest hours, and striking, bold tones narrate tales of cultures that find their roots back in time.

## GLOBAL COLORS

offers these Color Vibes or any variations as masterbatches, suitable for a variety of applications (film, injection molding, blow molding, thermoforming, synthetic fibers, etc). Global Colors colorists can develop these shades in different polymer carriers, depending on the end product requirements.

Each shade is expressed with a relevant Kritilen® color masterbatch.

Colors can appear different depending on the screen calibration.
